

PROJECT NAME: PERSONAL BLOG ON IBM CLOUD STATIC WEB APP

Phase : 4 Development part-2

- Continue building the travel blog by setting up the IBM Cloud Static Web App and deploying the website.
- Sign up for an IBM Cloud account.
- Create a new Static Web App and follow the prompts to set up the repository, build pipeline, and deployment options.
- Choose a static site generator like Jekyll or Hugo to make it easy to update and manage the blog content. This would involve converting your HTML content into template files that can be easily updated.
